ABOUT ME

I'm a passionate UI/UX Designer and Web Developer who loves creating clean, user-friendly digital experiences. With a strong eye for design and a solid background in front-end development, I bridge the gap between aesthetics and functionality.

EDUCATION

2025 - Present KRISTU JAYANTI COLLEGE | BACHELOR OF COMPUTER APPLICATIONS

Currently studying BCA in Cloud Computing at Kristu Jayanti College. I'm really interested in how tech works behind the scenes—especially how cloud systems power the apps and tools we use every day. I'm always curious and love learning new things in the world of tech.

2021 - 2023 ROSARY HIGHER SECONDARY SCHOOL

I completed my higher secondary education (11th and 12th grade) at Rosary Higher Secondary School, where I built a strong foundation in academics and developed a growing interest in technology and design.

WORK EXPERIENCE

2025 - Present CODSOFT - APP DEVELOPER

App Developer Intern at Codsoft, where I gained hands-on experience in building responsive Android Applications and improving user interfaces.

2025 - Present PRODIGY INFOTECH - WEB DEVELOPER

Web Developer Intern at Prodigy Infotech, where I gained hands-on experience in building responsive websites and improving user interfaces.
